

**Strength for Service** offers daily devotional books to provide spiritual and emotional support to first responders in the United States. These books are designed for law enforcement, firefighters, emergency medical technicians, EMS, front-line hospital workers, and assisted living personnel. Written by Adam Davis, this devotional includes spiritual nourishment, personal stories, relevant Scriptures, and practical prayers, focusing on themes like peace, integrity, strength, family, protection, divine direction, preparedness, and service. It's an inspiring resource for churches to distribute to service groups. See our June book special below.
